## Chemical Blender – Downingtown, PA

### Description

#### Warehouse Coordinator and Blender

**Location:** Downingtown, PA

**Work Schedule:** 40-50 hours per week

**Compensation:** \$18 – \$20/hour + Benefits

My client is a \$100M+ manufacturer of industrial cleaning and food processing chemicals with a unique system of delivery into refillable containers. My client has over sixty Manufacturing Centers across the US and are rapidly expanding. Their goal is to serve the needs of companies looking for effective solutions to their cleaning and sanitation challenges.

My client's system is a combination of two components: Custom-formulated, environmentally friendly industrial cleaning and process chemicals ... Delivered to refillable containers. Each product is custom-blended to ensure that it fits the needs of our customers' individual sanitation challenges. Most unique, however, is the use of on-site tanks, delivering product into refillable containers right where it is needed most. No more drums or totes, no more disposal, no more employee-handling. Their products and services are known for their effectiveness, safety and regard for the environment.

My client meets the specific needs of their customers in a broad variety of industries all over the country efficiently, economically, environmentally, and safely.
