## Field Service Technician

### Description

**GREAT OPPORTUNITY!**

**LOCAL CHEMICALS MANUFACTURER IS SEEKING SEVERAL EXPERIENCED FIELD SERVICE TECHNICIANS!**

Our client is a leading Specialty Chemicals Manufacturer who is seeking several qualified Field Service Technicians to service their Industrial customers. This is a long term career opportunity offering a competitive salary plus company truck, gas, tools, benefits and a great work environment and more.

The company develops long term relationships with a variety of industrial customers in the Greater Springdale area that include Oil & Gas, Food Production, Manufacturing Facilities, Pulp & Paper Mills, Breweries & more. You will be a vital piece to the success of the operation.

As a Field Service Technician, you are responsible for the safety, maintenance, installs and repair of a wide range of chemical products, tanks and equipment while providing outstanding customer service during each visit to a customer. As the person who will interface regularly with our customers, it is important that the right candidate possess strong customer service skills, a strong mechanical aptitude and maintain a professional appearance. In addition we are looking for someone who has a great attitude, relentless perseverance overcoming daily challenges, is hard-working, dependable and a strong team player. The right candidate will also possess strong communication skills with a willingness to learn new roles and responsibilities. A background as a Plant Maintenance Technician is highly preferred.

*Veterans Welcome!*

### Position Responsibilities:

- Integrate and work within an already successful operations team to continue delivering best in class customer service to all clients
- Install, Repair and Maintain Chemical Tanks and Dispensaries throughout the designated area
- Respond successfully to mission-critical requests from clients throughout the week
- Successfully work remotely with little to no supervision
- Complete tasks requested by Supervisor/Operations Manager

### Preferred Background & Experience:

- 3-5 years Maintenance Technician experience (Within a Plant Operations environment preferred)
- Knowledge of Pneumatic & Hydraulic pumps
- Some background in Diaphragms & Metering
- Some Electrical Background
