Description

Exciting Opportunity!

Local CDL Delivery Driver

Location: Richmond, VA
Salary Range: $28 – $31/Hour | $60,000 – $65,000 annually

Position Type: Full Time Company Driver

Company Benefits: Health, Dental, 401k, PTO, Life & more

Position Overview

Our client is seeking a dependable, versatile, and safety-focused CDL Delivery Driver who can provide support across their Richmond, VA day-to-day branch operations.

This is not a traditional delivery position. Our client is seeking a hands-on, mechanically inclined individual to not only deliver chemical products within the Greater Richmond area but also support chemical production, equipment and warehouse operations as needed.

About Our Client

Our client is an established provider of industrial cleaning and chemical solutions with a strong reputation for customer service, safety, and operational excellence. The Richmond operation offers a family-oriented culture where people are valued and employees tend to stay. Long-term tenure is common throughout the organization, with many team members building careers of five, six, ten years or longer with the company. This is an opportunity to join a stable organization with a strong team environment and people who genuinely enjoy working together.

If you feel that you're the right fit for this role then we want to hear from you today!

Veterans Welcome!

Required Qualifications:

- Class B CDL
- HAZMAT endorsement
- Tanker endorsement
- Acceptable driving record
- Ability to meet all applicable DOT requirements

Primary Responsibilities:

- Safely transport and deliver chemical products to customer locations.

- Unload and pre-load trucks in preparation for the next delivery day.
- Maintain consistent communication with the Operations Manager while at the branch and customer locations.
- Learn customer sites, delivery procedures, and tank locations.
- Assist with warehouse and facility operations, including loading/unloading products and supporting production and inventory needs.
- Cross-train on service work and manufacturing responsibilities.
- Fill in for local and regional deliveries as needed.
- Travel to other branches for training or delivery coverage when needed.
- Work occasional weekends or flexible shifts based on operational needs.
- Perform additional duties as assigned by the direct supervisor.

Because this position involves the transportation and handling of chemical products, we're looking for someone who is dependable, safety-focused, and comfortable following established DOT, HAZMAT, PPE, and company safety procedures.

The ideal candidate will be flexible and willing to support different areas of the operation as needed. Previous experience in chemical distribution, manufacturing, warehouse operations, or commercial delivery would be a plus.
