PT Plant Technical Assistant – Chemicals (\$18 – \$22/Hour)

Description

Great Opportunity! Come assist us for 10-15 Hours per week (you choose your schedule) for \$18 – \$22/Hour at Tyson Plant in Monroe, NC

Our client is a \$300M+ Specialty Chemicals Manufacturer who has been serving clients since 1978. One of the largest facilities/customers they service is the Tyson Plant in Monroe, NC. They are looking for a Part Time customer support specialist who can assist them (training provided) with various chemicals and equipment throughout the plant. This is a great opportunity for someone in college, semi-retired or someone just looking to make extra money.

The primary responsibilities of this role will be to work with intervention chemicals (stopping microbials) through:

- Clipboard logging
- Taking chemical titrations
- Transferring chemicals with pumps
- Taking samples
- Typing findings and analyses into a laptop.

The Ideal candidate will be able to:

- Interact with Tyson employees in a professional manner
- Maintain a positive attitude at all times
- Possess a strong attention to all details
- Work with minimal to no supervision
- Possess a strong willingness to learn
- Mechanically-inclined

Schedule: You will be able to choose your schedule during Plant Operating hours which will total approximately 10-15 hours per week.

If you feel this is something that you would excel at then I want to hear from you today!
